Your life. Your terms.

You are used to living life on your terms, so why should it be any different when it comes to structuring your investments to grow your wealth!

What could be better than having an investment plan that helps you meet your financial goals, rewards you for your loyalty as you continue to invest, and gives you flexibility to adapt as your needs evolve?

Introducing TM Atlas Wealth

TM Atlas Wealth is a limited-pay, whole of life, investment-linked insurance policy (ILP) that lets you live life on your terms.

REWARDING

TM Atlas Wealth allows you to increase your investment potential with bonuses. Your investment grows larger with an initial bonus of up to 97.5% of annualised regular premium, paid over the first 5 years. Plus, as you continue to invest, you will be rewarded with a yearly loyalty bonus of up to 0.3% per annum of the accumulated units account¹ value thereafter.

FLEXIBLE

TM Atlas Wealth empowers you to diversify your investment portfolio to customise the plan for your individual needs, grow your wealth and/or provide for life's important milestone events such as getting married, starting a family, saving for your children's education and planning for retirement.

GLOBAL

TM Atlas Wealth is available in five major currencies (SGD, AUD, GBP, USD and EUR) so your investment does not have to come to a standstill as you pursue your career outside your country of domicile. You can choose to invest in either the currency you are currently earning or plan for your longer term needs. Designed for the mobile professional, TM Atlas Wealth gives you more flexibility to manage your wealth with applicable tax planning opportunities.

TM Atlas Wealth is best optimised for medium- to long-term regular savings. For a full understanding of how to optimise this plan to meet your individual financial goals, you should refer to the Product Summary for the features and conditions that apply to this plan or speak with your financial adviser.

TM Atlas Wealth is an investment-linked insurance policy that grows with you.

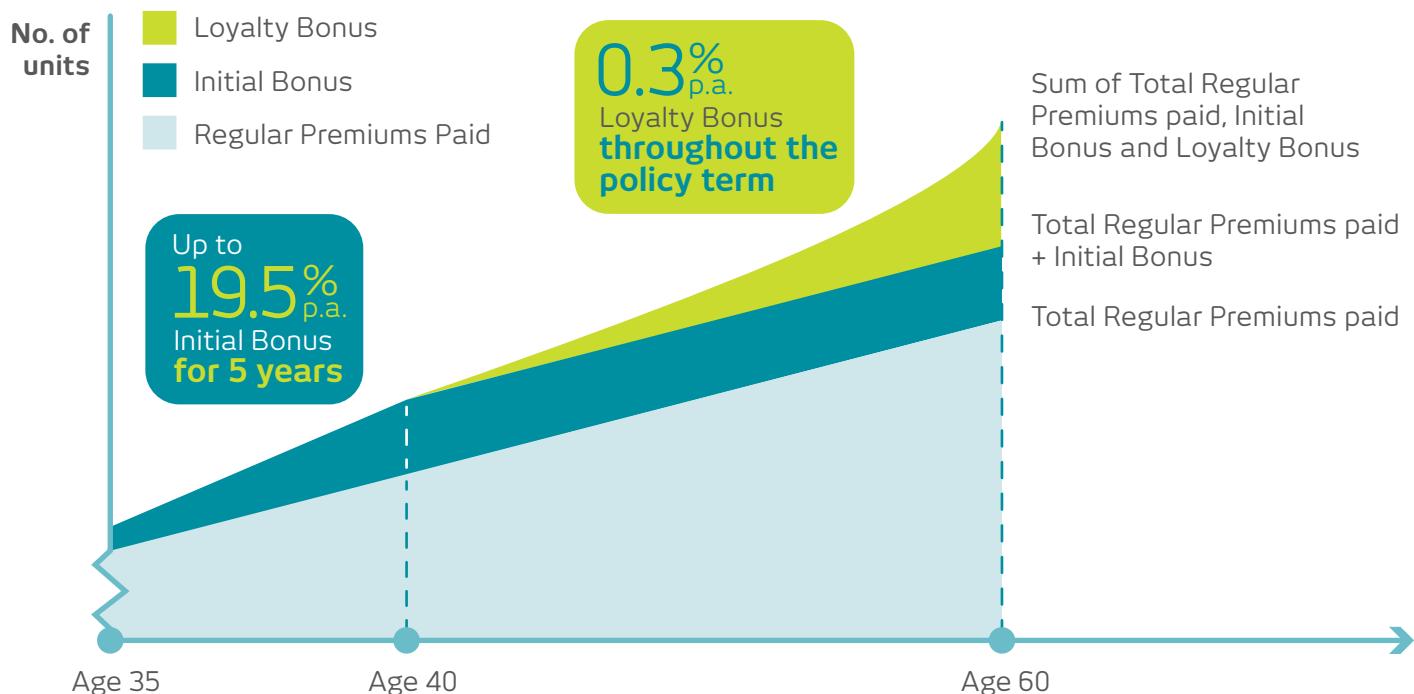

ACCELERATE YOUR WEALTH

Grow your investment from Day 1 with 100% of the regular premium allocated for units purchase. Your investment is then enhanced with bonuses up to 19.5% per annum for the first 5 years to accelerate your wealth.

The above illustration is not drawn to scale and does not take into consideration the fees and charges associated with this product. It assumes that all premiums due are paid until the end of the premium payment term without any partial withdrawals on the policy.

Initial Bonus is based on a percentage of regular premium paid during the first 5 years. It is allocated to the policy in the form of additional units. The applicable initial bonus rates vary according to the annualised regular premium amount and the premium payment term.

Loyalty Bonus is based on a percentage of the accumulation units account value and is payable on the 6th policy anniversary onwards for the rest of the policy term.

ENJOY MULTIPLE DEGREES OF FLEXIBILITY

Flexibility to make premium top-ups, withdrawals and free fund switches to capitalise on market opportunities.

GET COVERAGE AS YOU INVEST

Safeguard your investment against market downturns in the unfortunate event of death with Advanced Death Benefit option, which pays, during the premium payment term, the higher of either:

Regardless of the option chosen, there is no need for medical underwriting, which means you don't need to provide your medical history or undergo a medical examination.

Choose your preferred currency (SGD, AUD, GBP, USD and EUR) and premium payment term (between 5 and 25 years).

Important Notes

This marketing material is not intended as an offer or recommendation to the purchase of any insurance plan. This plan is underwritten by Tokio Marine Life Insurance Singapore Ltd. and is only available through our authorised distributors. It does not have regard to your financial situation, specific investment objectives and any of your particular needs. Kindly obtain the required product disclosures and seek advice from a financial adviser before making a commitment to purchase this plan. Investments in this plan are subject to investment risks including the possible loss of the principal amount invested. The value of the units may rise as well as fall. Past performance is not necessarily indicative of future performance and the performance of the ILP sub-fund(s) is non-guaranteed. A potential investor should read the Product Summary and Product Highlights Sheet(s) before deciding whether to subscribe for units in the ILP sub-fund(s). As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. It is also detrimental to replace an existing life insurance policy with a new one as the new policy may cost more or have fewer benefits at the same cost.

For policies distributed in Singapore: This policy is protected under the Policy Owners' Protection Scheme, which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of the coverage, where applicable, please contact us or visit the LIA or SDIC websites (www.lia.org.sg or www.sdic.org.sg).
