1. Capital Management

The Company has set an appropriate financial structure in order to maintain the ability to operate continuously and meet the capital requirement in accordance with the regulations from the Office of Insurance Commission to ensure the confidence of shareholders, policyholders, reinsurers, and other stakeholders. In addition, it is also crucial to support future business growth initiatives. The Company's Board of Directors continues to monitor the return of investment, taken into consideration the proportion of return from shareholders' equity, and the dividend payments to shareholders.

According to the regulations from the Office of Insurance Commission, insurance companies are required to maintain the capital adequacy ratio (CAR) at the minimum of 140%. Considering risk management perspective, the Company has stipulated the minimum requirement of CAR greater than the legal requirement at 200% (Risk Tolerance) in accordance with the risk management policy.
